EDUCATION

Firat University

Faculty of Technology

- 3,29/4

Elazığ, Turkey

June 2012 – August 2018

University Of Maribor

Faculty of Electrical Engineering and Computer Science

- ERASMUS+

Maribor, Slovenia

Feb. 2016 – July 2016

University of Groningen

Faculty of Science and Engineering

- COSFIRE (Combination Of Shifted Filter REsponses) is a new powerful technology about; Image and Vision Computing, Keypoint Detection and Pattern Recognition, Medical Image Analysis
- ERASMUS+

Groningen, Netherlands

March. 2018 – June 2018

EXPERIENCE

Senior Software Engineer

Turkcell

- Design, develop, and maintain backend services using modern technologies and frameworks such as **JAVA / Spring Boot**
- Write clean, well-documented, and scalable code that meets our standards for quality and performance.
- Collaborate with other engineers to design and implement new features and enhancements to our platform.
- Work closely with product managers and designers to understand user requirements and deliver high-quality solutions that meet their needs.
- Optimize performance and scalability of our services, and troubleshoot issues as they arise.
- Participate in code reviews, testing, and deployment processes to ensure code quality and reliability.
- Stay up-to-date with industry trends and best practices, and continuously improve my skills and knowledge.

Nov. 2022 – Present

Istanbul, Turkey

Software Engineer

Orion Innovation Turkey

- CPaaS
- Design and development for highly available and scalable telecom microservices.
- Transformed the legacy system to the current system by using current microservices.
- **JAVA / Spring Boot**

April 2021 – Nov. 2022

Istanbul, Turkey

Software Engineer

Netaş

- CPaaS (Communications Platform As A Service) is a technological trend that leverages the cloud to provide discrete communication services. Responsible for the development of new APIs and features on services
- **JAVA / Spring Boot**

August 2018 – April 2021

Istanbul, Turkey

TECHNICAL SKILLS

Languages: Java, Kotlin, mvc, sql, ws, sm, docker, cloud, mq, SQL (Postgres), JavaScript, TypeScript

Frameworks: SpringBoot, React

Developer Tools: Git, Docker, Kubernetes, Jenkins, IntelliJ

LANGUAGES

Turkish Native

English Advanced
